DOCKET FILE COPY ORIGINAL

Attention Jennifer Simpson, Rm. 4B - 541  
For Docket No. 5-231

Dear Ms. Simpson:

I use Closed Caption daily. TV Guide Channel continues to use Closed Caption to advertise on the bottom third of the screen. This means I cannot read the programming for the day or evening. I find this a major problem.

Is there any possibility that the FCC could encourage TVGuide Channel to use only the upper portion of the TV screen for their advertising? So many of us who use Closed Captioning would be most grateful.

Thank you,

*Rene Setzer*
